2012-2013. Health Related Quality of Life in a chronic patient population. The use of the EQ-5D-5L instrument vs. the standard 3L version. PI: Juan Manuel Cabasés Hita (Universidad Pública de Navarra).

2011-2012. Measurement of the psychometric properties of the EQ-5D-5L descriptive system compared to the standard 3L in a chronic patients' population. PI: Juan Manuel Cabasés Hita (Universidad Pública de Navarra).

2009-2010. Development of a software for the measurement of Health Related Quality of Life and calculation of health indices. PI: Eduardo Sánchez-Iriso (Universidad Pública de Navarra).

2009-2011. Valuation of health states in the Spanish general population. Pilot study for the obtention of EQ-5D-5L health states using Discrete Choice and Time-Trade-Off valuation tasks. PI: Juan Manuel Cabasés Hita (Universidad Pública de Navarra).

2009-2012. Methodological Innovations in health care and costs for the evaluation of health technologies. PI: Juan Manuel Cabasés Hita (Universidad Pública de Navarra).

Participation in Conferences(selection)

To seek or not to seek. A behavioral model for the demand for health care.

Authors: M Errea, R Rodriguez-Monguio

Oral Communication

Conference: XXXVIII Jornadas de Economía de la Salud, Las Palmas de Gran Canaria. 20-22 June 2018

To seek or not to seek. A behavioral model for the demand for health care.

Authors: M Errea, R Rodriguez-Monguio

Poster

Conference: 6th Biennial Conference of the ASHEcon, Philadelphia, PA. 12-15 June 2016

Modelling the impact of incentives on the decision to donate blood and living organs.

Authors: M Errea, JM Cabases.

Oral Communication

Conference: 11th World Conference of the International Health Economics Association (iHEA). Milan 12-15 July 2015

Comparing the psychometric properties of the EQ-5D-5L between mental and somatic chronic patients' populations

Authors: JM Cabasés, M Errea, I Hernández-Arénez

Oral Presentation

Conference: X World Conference (ECHE-iHEA) on Health Economics. Dublin, 13-16 July 2014

The determinants for blood donation in the French population

Authors: María Errea, Nicolas Sirven, Thierry Rochereau

Oral Presentation

Conference: X World Conference (ECHE-iHEA) on Health Economics. Dublin, 13-16 July 2014

Comparing the psychometric properties of the EQ-5D-5L between mental and somatic chronic patients populations

Authors: María Errea, Iñigo Hernández, Juan M Cabasés

Oral presentation

Conference: EuroQol Plenary Meeting. Montreal (Canada). 11-09-2013

Evaluation of the impact of blood donations campaigns: A Natural Experiment

Authors: María Errea

Oral Presentation

Conference: IX World Conference of the International Health Economics Association. Sydney, Australia. 6-10 July 2013

The EQ-5D-5L descriptive system as a generic PRO measure in a chronic mental health population

Authors: María Errea, Juan M Cabasés

Oral Presentation

Conference: 1st Meeting of Patient Reported Outcomes in Mental Health. Washington DC (USA), 28-30 September 2012

The EQ-5D-5L Spanish Value Set

Authors: María Errea, Juan M Cabasés, Juan Manuel Ramos-Goñi

Oral Presentation

Conference: VIII European Conference of Health Economists (ECHE). Zurich (Switzerland) 18-20 July 2012

Analysis of Psychometric properties of the new EQ-5D-5L in a population of chronic mental patients

Authors: María Errea, Juan M Cabasés

Oral Presentation

Conference: VIII European Conference of Health Economists (ECHE). Zurich (Switzerland) 18-20 July 2012

Incentives and Social Values: The case of Blood and Living Organ Donations

Authors: María Errea, Juan M Cabasés

Oral Presentation

Conference: VIII European Conference of Health Economists (ECHE). Zurich (Switzerland) 18-20 July 2012

Discrete Choice (DC) models. Anchor in death or in Time Trade off (TTO) values? Spanish Pilot Study of the EQ-5D Valuation project

Authors: María Errea, Juan M Cabasés, Juan Manuel Ramos-Goñi

Oral Presentation

Conference: VIII European Conference of Health Economists (ECHE). Zurich (Switzerland) 18-20 July 2012

Incentives and Social Values: The case of Blood and Living Organ Donations

Authors: María Errea, Juan M Cabasés

Poster (First price award for the best poster-short oral presented)

Conference: 8th World Congress on Health Economics. Toronto (Canada), 10-13 July 2011

An Economic Model of Behaviour: Attitudes towards altruistic blood and organ donations

Authors: María Errea, Juan M Cabasés

Poster

Conference: Third Bienial Conference of the American Society of Health Economists. Ithaca (NY, USA) 19-22 June 2010

An Economic Model of Behaviour: Attitudes towards altruistic blood and organ donations

Authors: María Errea, Juan M Cabasés

Poster

Conference: 8th European Conference on Health Economics. Helsinki (Finland) 08-12 July 2010
